Operates residential sectional doors up to 8 ft tall & 350 lbs.

Backed by over 60 years of pioneering product design. The Nice Linear 621 Garage Door Opener is part of the Linear 600 series of openers that combine sleek industrial design and incredible value. Designed for reliability, durability, and safety, the 621 seamlessly integrates into any garage. The Nice Linear 621 is the affordable choice that delivers impressive features and performance.

- Integrated energy efficient LED lighting
- Pre-installed battery
- Pre-programmed limits
- Quiet operation
- Efficient design for reduced installation time
- Self diagnostic system means fewer service calls
- SB-969 compliant

Modern design. Smart value.

The Nice Linear 621 is the right solution for any garage—from single family homes, to townhomes and multi-dwelling units.

Linear 621 *Garage Door Opener*

Packed with features for the value-driven homeowner, and designed with the installer in mind.

FEATURES

Integrated Battery

Compliant with CA SB-969 regulations. Reduce installation time with pre-wired and installed battery. Home owners can be confident that lighting and full operation will continue during power outages. *(Duration of operation varies based on door weight and frequency of use over 3-day period).*

Energy Efficient LED Lighting

Reduce services calls with integrated, energy efficient and environmentally friendly LED lighting.

Interchangeable Chain/Belt Drive System

Offering both chain and belt drive options allows for flexibility in installation.

Easy Door Release

Release the opener's quick-disconnect trolley to open or close the garage door manually.

Self Diagnostic System

Provides real-time alerts and homeowner updates through courtesy lights and sounds, ensuring faster troubleshooting for continued operation.
