

# BGUS/BGUS-D/SG/SG-D Features

- UL325/UL991 compliant 24VDC control board
- Full time DC powered battery backup with seamless transition
- Full time ½ HP DC motor
- Selectable fail safe or fail secure modes of operation
- Solar Power capable
- Batteries included

## Electrical

- Solid state 24V control board UL325/UL991 compliant
- Diagnostic LED display for ease of setup and trouble shooting
- Integral entrapment sensing system with digital set point for accurate adjustment and enhanced safety
- Integrated maximum run and auto close timers
- Built-in dual gate capability using 3-wire shielded cable
- 24V DC power available for access control accessories

## Mechanical

- Conveniently located top mounted controller
- Lockable powder coated cabinet available in yellow or white
- Wood gate arm included, painted white with red and white warning tape on both sides
- Heavy-duty gate arm clamp

### 1 APeX Controller

- UL325/UL991 compliant 24VDC control module
- Full featured for access control, security, and entrapment protection
- Integral MegaCode receiver
- On-board 3-button station

### 2 Cam Operated Limits

- Easily accessible through access door

### 3 Heavy-duty Drive Components

- Oil bath gear reduction
- Harmonic link with oil impregnated bronze bushings
- Dual V-belt drive

### 4 Standard Convenience Features

- Power on/off button
- Accessory power outlet on 115V operators
